EXPERIENCE

NEDBASE DIGITAL AGENCY

At Nedbase Digital Agency, I work as a front-end developer building scalable WordPress websites. I develop reusable components using PHP, Twig, SCSS, and ACF, and collaborate in an Agile team using Jira and Bitbucket, with Git and Docker as part of my daily development workflow.

 Front-end developer

 2025 – present

 Middelburg, Zeeland

GROW VIDEO

For Grow Video, I designed and developed their website using WordPress, crafted branding assets for YouTube, LinkedIn, and Instagram, enhanced user experience, and optimized site speed for improved performance.

 Front-end developer & webdesigner

 2022 – 2024

 Rotterdam

MINT DIGITAL AGENCY

At MINT Digital Agency, I was responsible for designing, building, and maintaining client websites. This role allowed me to gain valuable experience with Figma, WordPress, HTML/CSS, PHP, and JavaScript.

 Front-end developer & webdesigner

 2022 – 2025

 Hofplein, Rotterdam

SMULDERSTEXTIEL.NL

At Smulderstextiel.nl, I created visuals for booklets, the website, and ads, and helped develop 3D AR product covers for interactive visualization for clients using the mobile website.

 Graphic designer

 2021 – 2022

 Kapelle, Zeeland

SEANSUPPLY

At Seansupply, I specialize in crafting digital products designed to enhance self-development, focus and productivity. My focus is on empowering fellow developers and designers to become more productive, professional, and confident in their craft.

 Founder

 2021 – present

 Rotterdam

PROJECTS

BIJZONDERE NODEN

For Bijzondere Noden, I worked as an F2 developer, supporting the lead developer on the project. My contributions included building the footer call-to-action, developing reusable card components, and styling shop components to ensure visual consistency and usability across the site.

 Nedbase  2025  bijzonderenoden.nl

GGD ZEELAND

For GGD Zeeland, I focused on improving the website's WCAG accessibility based on an accessibility audit. My work involved implementing accessibility improvements to ensure better compliance and usability, without being involved in the original development.

 Nedbase  2025  ggdzeeland.nl

STICHTING OUDERENZORG NOORD-BEVELAND

Stichting Ouderenzorg Noord-Beveland was my first solo project at Nedbase. Following the introduction of a new brand identity, I was responsible for implementing the updated branding into a completely new website, ensuring consistency, clarity, and a modern look aligned with the organization's vision.

 Nedbase  2025

VAN DER ZWAN ZEEVIS

Van der Zwan Zeevis was my first project at Nedbase, where I rebuilt an existing website on a newer, more future-proof setup. The goal was not a full redesign, but a technical rebuild with light modernization to improve maintainability and longevity.

 Nedbase  2025  vdzwanzeevis.nl

NEW WORKERS

For New Workers, I built a WordPress website using Elementor that allowed visitors to explore available job opportunities. The site included a contact page and a CV upload page, enabling candidates to easily apply for open positions.

 Mint Digital Agency  2022  newworkers.nl

OOGKLINIEK ZEELAND

For Oogkliniek Zeeland, I worked on an accessibility-focused website aligned with WCAG principles. The site included ReadSpeaker for text-to-speech, text resizing, and a print-friendly layout, ensuring usability for users with visual impairments.

 Nedbase  2025  oogkliniekzeeland.nl

ONDERWIJS VAN WAARDE

For Onderwijs van Waarde, I built a custom Spotify embed that supports both podcast episodes and podcast shows, handling different Spotify URL formats to ensure flexible and reliable embedding.

 Nedbase  2025  onderwijsvanwaarde.nl

SOHIER & RIETVELD ZEELAND KOELTECHNIEK

Sohier & Rietveld was my second project at Nedbase, where I built a complete website from the ground up. The site included an Instagram feed, a homepage video with a parallax banner, and a vacancies page built using a custom post type (CPT) for easy management and scalability.

 Nedbase  2025  srzkt.nl

GROW VIDEO

For Grow Video, I built a WordPress website using Elementor with a strong focus on ease of use and flexibility for the client. I created reusable templates for pages and components, allowing the client to easily manage and update content without technical knowledge.

 Freelance  2018  growvideo.nl

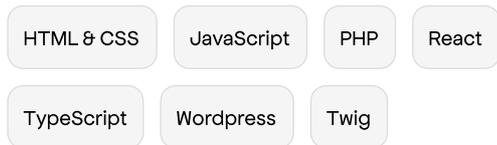

EDUCATION

MBO SIGNSPECIALIST NIV 4

Designing, producing, and installing visual communication materials, including signage and vehicle wraps. It emphasizes graphic design, production techniques, and project management using industry-standard tools.
