EXPERIENCE

MINT DIGITAL AGENCY

At MINT Digital Agency, I was responsible for designing, building, and maintaining client websites. This role allowed me to gain valuable experience with Figma, WordPress, HTML/CSS, PHP, and JavaScript.

 Front-end developer & webdesigner

 2022 – 2024

 Hofplein, Rotterdam

GROW VIDEO

For Grow Video, I designed and developed their website using WordPress, crafted branding assets for YouTube, LinkedIn, and Instagram, enhanced user experience, and optimized site speed for improved performance.

 Front-end developer & webdesigner

 2022 – 2024

 Rotterdam

SMULDERSTEXTEL.NL

At Smulderstextiel.nl, I created visuals for booklets, the website, and ads, and helped develop 3D AR product covers for interactive visualization for clients using the mobile website.

 Graphic designer

 2021 – 2022

 Kapelle, Zeeland

SEANSUPPLY

At Seansupply, I specialize in crafting digital products designed to enhance self-development, UI/UX, and web design. My focus is on empowering fellow UI/UX and web designers to become more productive, professional, and confident in their craft.

 Founder

 2021 – present

 Rotterdam

EDUCATION

MBO SIGNSPECIALIST NIV 4

Designing, producing, and installing visual communication materials, including signage and vehicle wraps. It emphasizes graphic design, production techniques, and project management using industry-standard tools.

 Adobe Creative Cloud

 2018 – 2021

 Bergen op Zoom
